

The MLFHS Explorers is an initiative that has been set up by the Manchester & Lancashire Family History Society to encourage children and young people to discover their family history and to promote an interest in the Society. Our aim is not only to raise an awareness in family history and genealogy but to offer guidance, supervision, support, research strategies and techniques in order to achieve this.

Manchester & Lancashire
Family History Society
3rd Floor, Manchester Central Library
St Peter's Square
Manchester
M2 5PD

Look out for MLFHS
Explorers events including:

Family History Workshops

The Manchester & Lancashire Family History Society are happy to organise and offer guidance to:

Scout groups & Girls Guide companies working towards their 'Heritage badge'

Schools in order to enhance topics within the school curriculum

Any youth group or organisation who would like to participate in a tailor made workshop or series of workshops about Family History

Please email us at:

Family History is not just about family trees

There's more to family history than just a list of names and dates. Besides making a family tree there are other ways that family history can be interesting and useful to you.

- Why do you live in the place that you do and what brought your family there in the first place?

- When working on a project for school have you ever wondered what your ancestors were doing during that same period in history?

- Was your ancestor a mill owner or mill worker? A miner, weaver or spinner? What part did your family play in the history of Manchester?

- Can you discover what was happening on the day that you were born?

Log on and try some of our challenges

www.explorers.mlfhs.org.uk

Who can get involved?

Everyone! If you are aged between 8-18 years old and would like to find out more about researching your family history then try some of the M L F H S Explorers challenges.

Challenges

We have set a series of challenges to do with family history which are available online. M L F H S Explorers are invited to work through these challenges which have been set up with approximate age groups considered:

- Bronze 8-10 years
- Silver 11-13 years
- Gold 14 -upwards
